

\$tündenglass®

CHEST MOUNT

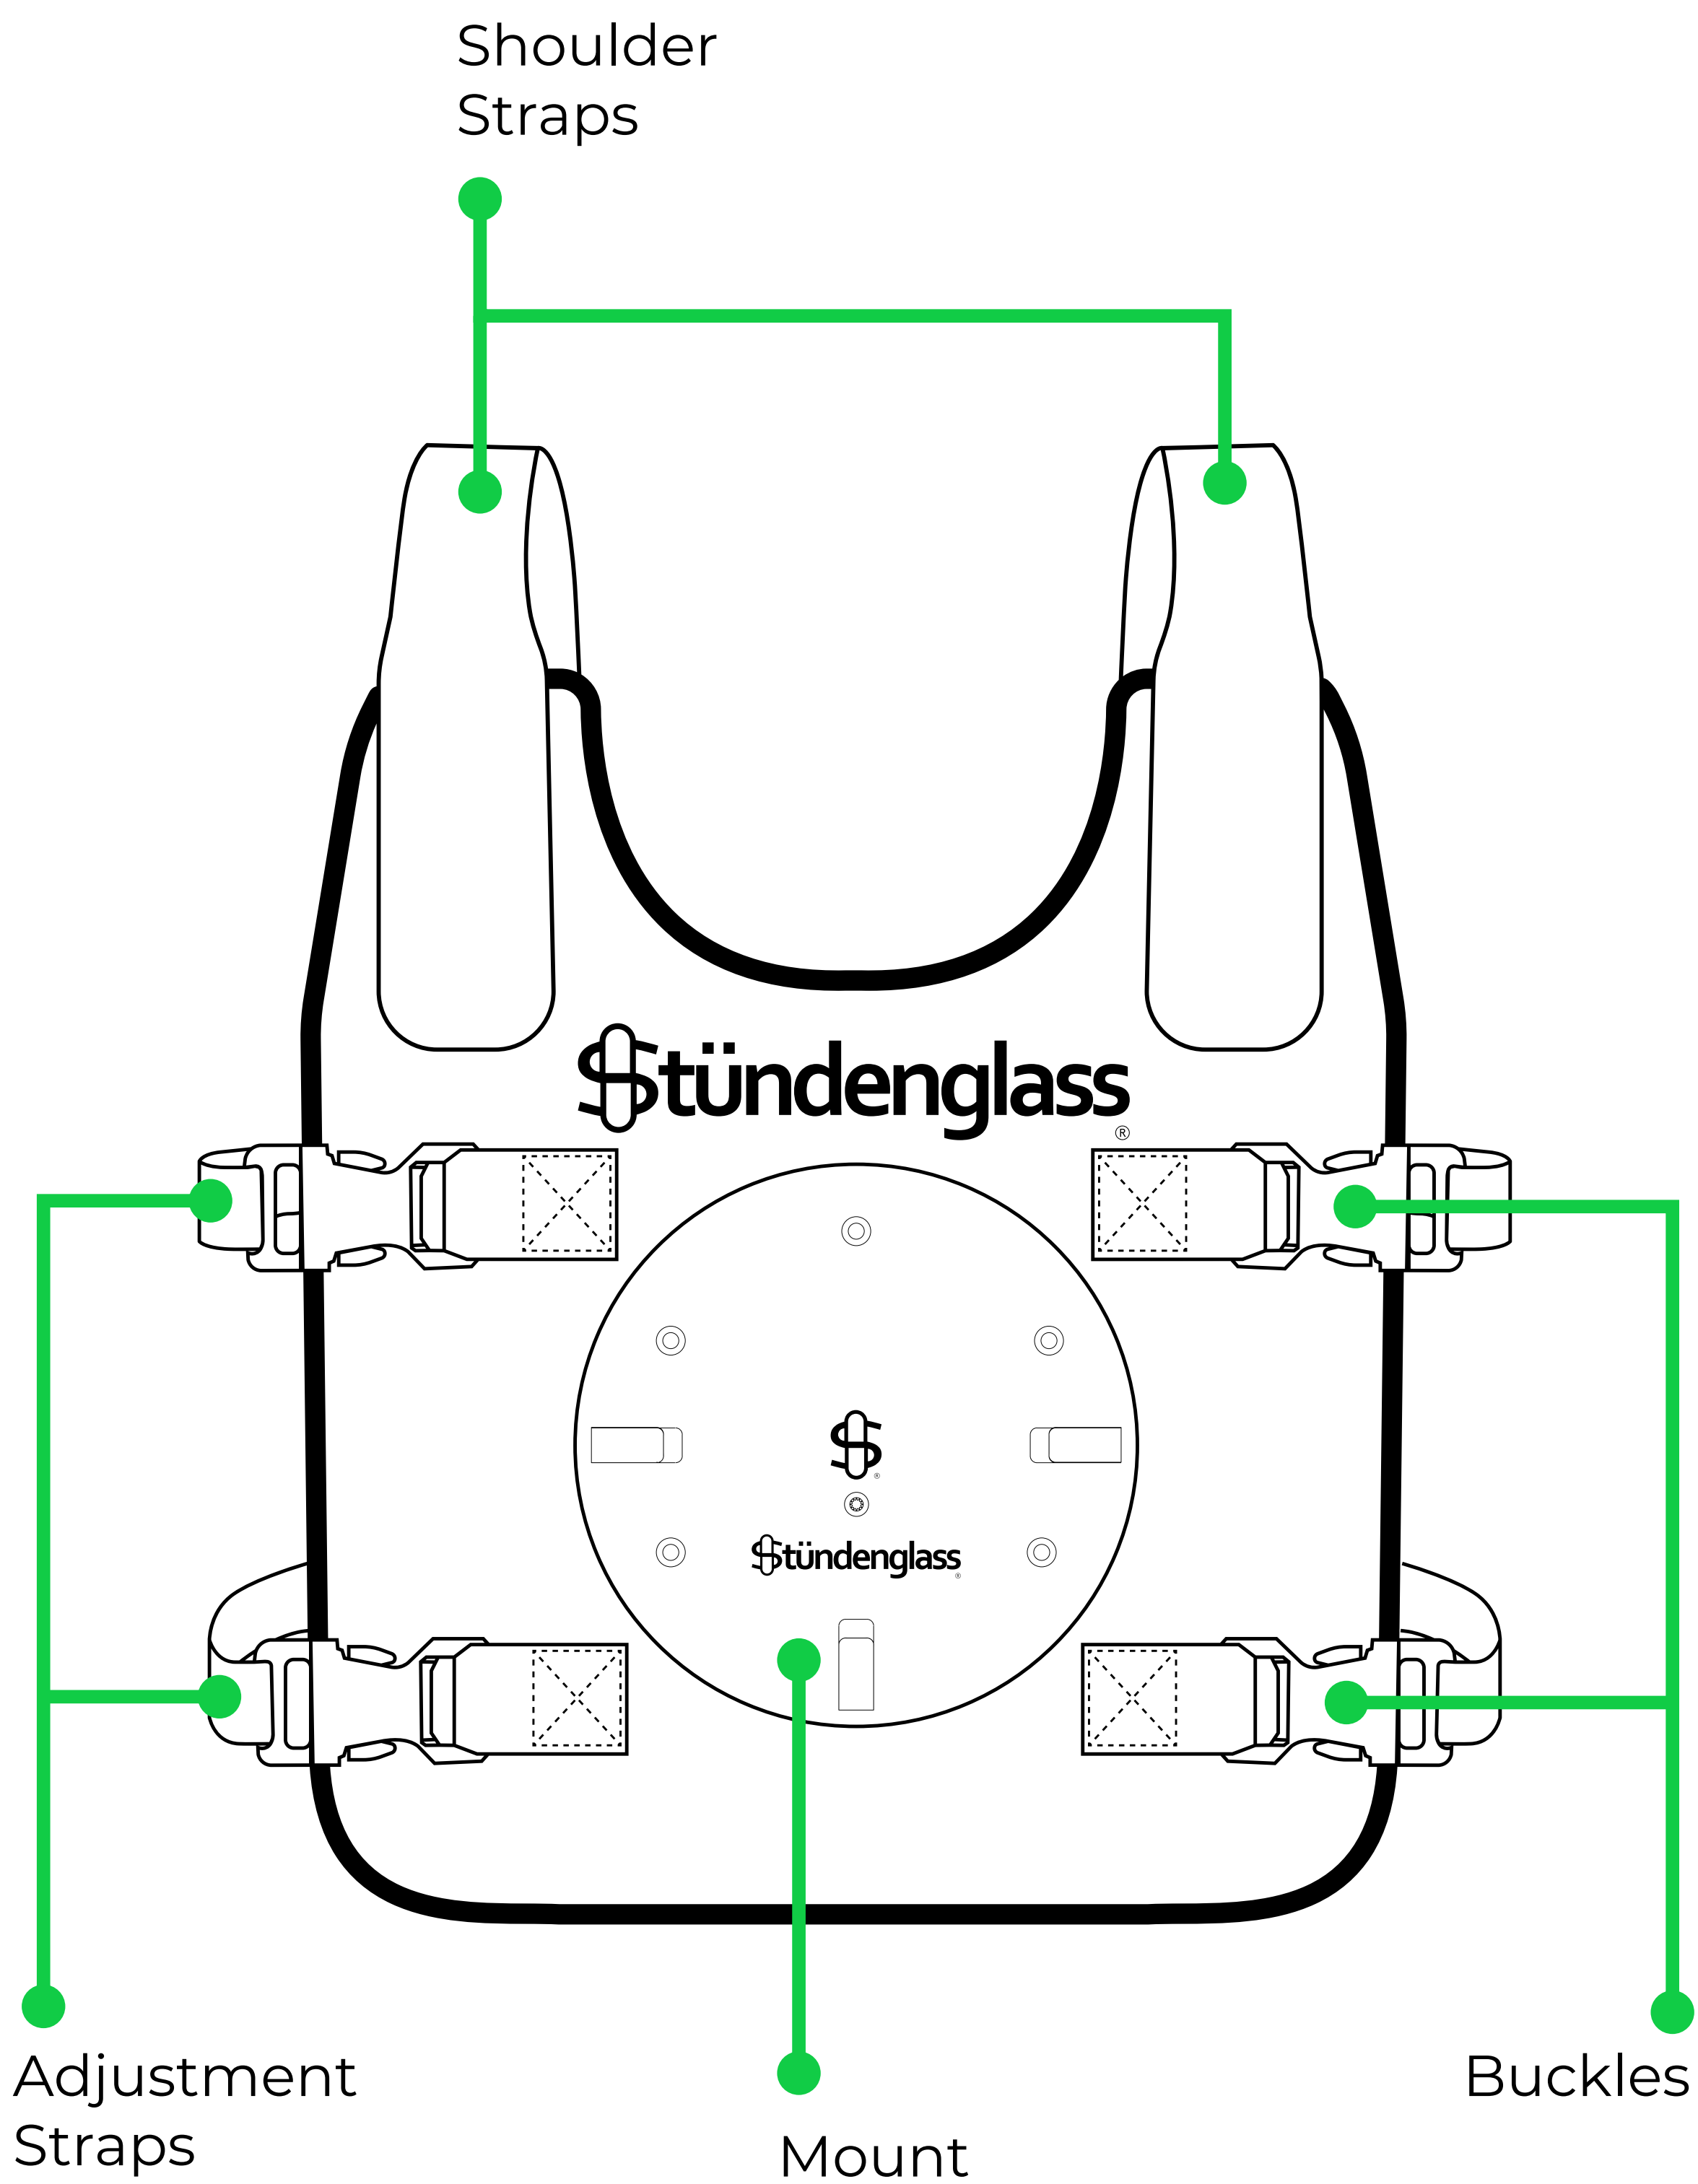

Operation Instructions

Compatible with:
Stündenglass® Gravity Infuser

**Stündenglass Gravity Infuser not included*

Chest Mount At A Glance

How To Use Your Chest Mount

1

Unbuckle chest straps and loosen the male buckle end.

2

Open shoulder straps on both sides.

3

Place chest mount on the chest with the mounting plate in the front.

4

Adjust shoulder straps so that the mounting plate is comfortable and situated below the sternum.

5

Buckle the chest straps so that the male end inserts into the female end.

6

Tighten the chest straps for a snug fit.

7

Insert the Stündenglass into the mounting plate (ensure the valve is oriented so the Stündenglass is in the wall mount configuration).
